Independent Auditors' Review Report

To the Board of Directors of Unictron Technologies Corporation

Introduction

We have reviewed the accompanying consolidated balance sheets of Unictron Technology Corporation (the "Company") and its subsidiaries (together referred to as the "Group") as of June 30, 2026 and 2025, the related consolidated statements of comprehensive income for the three and six months ended June 30, 2026 and 2025, the consolidated statement of changes in equity and cash flows for the six months ended June 30, 2026 and 2025, and notes to the consolidated financial statements, including a summary of significant accounting policies. The management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard ("IASs") 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" of the Republic of China. A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Unictron Technology Corporation and its subsidiaries as of June 30, 2026 and 2025, the related consolidated statements of comprehensive income for the three and six months ended June 30, 2026 and 2025, the consolidated statement of changes in equity and cash flows for the six months ended June 30, 2026 and 2025, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, " Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' report are Shi-Chun, Hsu and Ching-Wen, Kao.

   - IFRS 17 “Insurance Contracts” and amendments to IFRS 17.
   - IFRS 9 and amendments to IFRS 7 “Financial Instruments: Classification and Measurement Amendments”.
   - Annual improvements to IFRS.
   - IFRS 9 and amendments to IFRS 7 “Contracts Involving Renewable Energy”.

2. The impact if IFRS recognized by the FSC but not yet effective

   The Group assesses that the application of the following newly amended IFRS, which are effective from January 1, 2027, will not have a material impact on the consolidated financial reports.

   - IFRS 19 “Subsidiaries without Public Accountability: Disclosure” and amendments to IFRS 19 “Subsidiaries without Public Accountability: Disclosure”
   - Amendments to IAS 21 “Translation to a Hyperinflationary Presentation Currency”

   The Group expects to adopt the following new and amended standards, which effective for annual period beginning on January 1, 2028:

   (1) IFRS 18 " Presentation and Disclosures in Financial Statements"

   The new standard introduces three categories of income and expense, two income statement subtotals, and a single note on management's performance measurement. These three revisions and strengthened guidance on how to segment information in financial statements lay the foundation for providing users with better and more consistent information and will impact all companies

   - More structured income statements: Under current standards, companies use different formats to express their operating results, making it difficult for investors to compare financial performance across companies. The new standard adopts a more structured income statement, introduces a new definition of "operating profit" subtotal, and stipulates that all income and expenses and losses will be classified into three new different categories based on the company’s main operating activities.
   - Management performance measurement (MPMs): The new standard introduces the definition of management performance measurement and requires companies to explain, for each measurement indicator in a single note to the financial statements, why it provides useful information, how it is calculated, and how it combines the measurement indicator. Reconciled with amounts recognized under IFRS accounting standards.

- More granular information: The new standard includes guidance on how companies can enhance the grouping of information in their financial statements. This includes guidance on whether the information should be included in the main financial statements or further broken down in the notes.

IAS 7 "Statement of Cash Flows" has been amended in conjunction with the new standard. When preparing cash flows from operating activities using the indirect method, entities are now required to use the newly defined 'operating profit or loss' subtotal as the starting point. Consequently, certain adjustments within the reconciliation will change. In addition, these consequential amendments provide specific guidance on the classification of interest and dividend cash flows.

The Group is currently assessing the impact of the initial adoption of this standard on its consolidated financial statements.

(2) Amendments to IAS 28 "The Fair Value Option for Investments in Associates and Joint Ventures" The Group does not expect the amendments to have a significant impact on its consolidated financial statements.

3. Newly issued and amended standards and interpretations not recognized by the FSC

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements.

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and its Associate or Joint Venture"
- IFRS 20 "Regulatory Assets and Regulatory Liabilities"

4. Income taxes

The Company measures and discloses interim period income tax expense in accordance with paragraph B12 of IAS 34 “Interim Financial Reporting”.

Income tax expense for the period is best estimated by multiplying pre-tax income of the interim period by a projected annual effective tax rate, and is recognized as current tax expense.

Income taxes that are recognized directly in equity or other comprehensive income are measured in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding tax bases at the tax rates that are expected to be applied in the year in which the asset is realized or the liability is settled.

(V) Major sources of uncertainty in significant accounting judgments, estimates and assumptions

In preparing these consolidated financial statements in accordance with the preparation guidelines and IAS 34 "Interim Financial Reporting" as endorsed by the Financial Supervisory Commission, management is required to make judgments and estimates concerning the future, including climate-related risks and opportunities. These judgments and estimates affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual results may differ from those estimates.
